### HANDSOME BUICK CAR.

Mrs. J. S. Johnson Sr., has just purchased a Buick automobile from Mr. Conn of Danville, and its first service to her was a trip to Stanford to meet her son, Allen Johnson, and daughter, Miss Florence Johnson, just back from Stetson University, DeLand, Florida. While students at this fine institution Mr. Johnson and Miss Johnson both made creditable records, the former as a vocalist and musician and the latter in her text books.

### BRYAN RESIGNS

#### FROM THE CABINET.

William Jennings Bryan unable to agree with President Wilson as to the form of the note that should be sent to Germany, resigns from the President's Cabinet, to take immediate effect. The difference between Mr. Bryan and the President was of such a nature that it could not be adjusted, but the two distinguished democrats parted official company with the utmost good feeling existing. Mr. Bryan, an extreme advocate of peace, was fearful that the result of the proposed note would be a war between the United States and Germany.

### CONTRACT FOR COURT

#### HOUSE AWARDED.

The Fiscal Court at a session held yesterday awarded to the Raymond Construction Company of Cincinnati Ky, the contract for overhauling and repairing the Court House at the price of \$15,546.00. This is the same firm that built the Graded School Building in Lancaster two years ago and if they perform the work on the Court House as well as they did on the school building, Garrard county will certainly have a model Temple of Justice. Judge Arnold is to be congratulated upon the work thus far. He has worked faithfully to get the contract down to the sum voted by the people and has succeeded in doing so. The work will begin at once and be rushed to completion.

### WALLER C. HUDSON

Receives A Warm Welcome Home After Foreign Travels.

Mr. Waller C. Hudson, who has been absent over a year, and who held a three-years contract as assessor and mining expert with the Guggenheims to develop their Chilean property, has returned home, as the European War has interfered with mining prospects, as well as with almost all other branches of industry. Mr. Hudson's travels are quite interesting as he visited many attractive sections of the rapidly developing South American continent, made his return voyage on an English battle ship, was in several of the Central American republics, again made a pleasant sojourn with Minister William Jennings Price at Panama, and concluded his homeward journey through San Francisco, Denver, and the overland route.

### MUCH REGRET EXPRESSED

At Reverend J. W. Beagle's Departure.

Reverend J. W. Beagle, who has held the Baptist pastorate here for about 1 year, preached his farewell discourse at the school auditorium last Sunday evening, his congregation not only the members of his own flock, but also representatives from all the churches of the community who gathered in a union service to express their great regret at the departure of this able minister and his excellent family.

The Reverend Beagle has made himself a worthy pastor of his Lancaster charge, having succeeded in lifting the indebtedness of the church, and having augmented the Baracca class in a manner not equalled by any of his predecessors, having arranged an assembly room and library for this young man's organization, and having otherwise added both to the material prosperity and spiritual progress of the Baptist membership.

Mr. Beagle and family will go to Hustonville next Tuesday where a dwelling is in readiness for them, also a well cultivated garden and other home arrangements that will indeed mean for them a cordial welcome.

He gives three Sundays to the Hustonville church and one Sunday to the Middleburg church in Casey county by preaching to the latter congregation on the coming Lord's Day, the 19th of June.

### NEW 1916 OVERLAND.

#### A BEAUTY.

Mr. M. S. Baughman, one of the most popular men of Lincoln County, was in Lancaster yesterday with a new 1916 model Overland car, which he was demonstrating to several prospective purchasers. This is a beautiful machine and Mr. Baughman is as proud of the price, which is only \$750, for a five passenger car as he is of the merits of his favorite machine. Mr. Baughman has used his make of cars for several years.

### LANCASTRIANS PROMINENT IN BANKERS ASSOCIATION.

The annual meeting of groups 8 and 11, Kentucky Bankers' Association held a successful session at Crab Orchard Springs last Friday with several Lancaster citizens being prominent on the program. Mr. J. W. Elmore, cashier of the Garrard Bank & Trust Company, called the meeting to order. Elder F. M. Tindler pronounced the invocation, while Mr. B. F. Hudson made one of the responses to the welcome address. The officers for the ensuing year of Group 8 are H. G. Skiles, Crab Orchard, President, J. N. Kneely, Columbia, secretary, J. M. Birdwhistle, Lawrenceburg, G. A. McRoberts, Danville, and S. C. Denny, Lancaster executive committeemen. Group 11 elected the following: President, R. W. Cole, Harboursville, Secretary, C. M. Perkins, Pineville; Executive Committeemen, J. R. Downing, Corbin, Dan S. Brown, London, and H. A. McCamey, Middleboro. The next meeting place was not selected but it will very likely be Barbourville.

### GREAT SORROW OVER THE SUDDEN DEATH OF A SAINTLY WOMAN.

Quietly, peacefully, and with but little warning was the unexpected passing of Mrs. Rebecca West on last Tuesday. She had arisen about 5 o'clock as was her custom and told her elder daughter that she was suffering with a pain in her side, and before physicians could be summoned or friends be called she suddenly expired to awaken to the new day in the Heavenly Kingdom.

A sudden death, while always a great shock to the members of the home circle, is indeed a blessing and appears in the nature of a reward to the departed whose removal suggests the translation of Elijah of old, and whose wish and prayer have often been expressed for just such a sudden passing. So "Aunt Becky" as she was so lovingly designated received the immediate summons to become a saint, without the grief of an anguished parting and without the languishing for months upon a bed of sickness such as so many unfortunate ones are called upon to endure.

Her hosts of friends and even her loved ones will, in time, so view her unexpected departure and will experience the sweet consolation that they could not have selfishly asked for a prolongation of her earthly pilgrimage, as she was in her 80th year, as extended life for her meant the encroaching feebleness of age and as the Scripture sayeth four score years to all are but "labor and sorrow."

So amidst the universal grief felt at the death of this saintly woman, here in this community where, like Dorcas of old, her many kindly deeds and activities as a Christian have so impressively demonstrated her beautiful traits of character, an early realization will follow that "God Doeth All Things Well", and a comforting resignation will, in time, assuage the heart-rending grief.

Mrs. West's sudden taking-off is supposedly due to heart trouble, she having had indications that she was a sufferer from cardiac affection, though within the last few days her health had been as usual, she having arranged to go to the cemetery Tuesday to decorate the graves of the W. C. T. U. members, an organization to which she was ardently devoted, but God had read of her to render service in the Heavenly Realm, and she quickly answered the divine summons.

Mrs. West was born October 29, 1835, and was one of two daughters born to John Doty and Elizabeth Traylor Doty; she was twice married, she espousing at 16, Allen O. Hiatt, and was left a widow at 21; two sons were the issues of this union, John Hiatt of Lexington, and Jack Hiatt of this place. Her second husband was the late James Hunsbury West, and from this marriage 3 daughters and a son survived, Mrs. George B. Robinson of Danville, Misses Fannie and Bettie West and James West of this city. She also leaves a half-sister, Mrs. Fannie Farra of this city, the devotion of these two admirable women having been both marked and beautiful.

The funeral was conducted this Thursday morning, at 10 o'clock, at her late residence on Danville Avenue, the discourse by her late pastor, Elder F. M. Tindler, being an appropriate and touching tribute so well deserved by this saintly woman engaged for so many years in efficient, religious service as a member of the Lancaster Christian church. Ida May Grant.

### THE HAPPIEST GIRL IN TOWN

With an energy that never seemed to tire and with friends to assist her, this beautiful little girl, Allene Thomas was the lucky winner of the Pony, Cart and Harness, that was awarded last Saturday. She asks us to thank her friends for assisting her and the hopes to take them all riding behind her beautiful pony, of which she is so proud.

### FIRST PRIZE AWARDED

In Pony Contest Last Saturday.

The announcement that the first prize would be awarded in the Pony Contest, brought one of the largest crowds to town last Saturday that has been here since the closing of the Central Record contest two years ago. This contest conducted by eight of the merchants and business men, was started March 1st., and from the beginning there was quite a triad rivalry between the sixty contestants. Of course there were many disappointments and most of them have worked faithfully, and it seems unfortunate that there isn't enough ponies for them all. The second prize will be awarded Saturday July 3rd, when another beautiful pony will be given away. All are eligible to compete for the second prize, except Miss Thomas, the first prize winner and each contestant will hold their votes secured in the first prize contest. Miss Allene Thomas was the winner of the first prize, having beaten her nearest competitor, J. O. Bogie, Jr., by a little less than sixty thousand votes.

While there were nearly sixty in the contest, we will only give the ten highest votes, which were as follows:

Allene Thomas	1,568,546
J. O. Bogie, Jr.	1,510,735
Pearl Crutchfield	915,205
Gracene Grant	660,308
William Renner	652,882
Isabell Terrill	304,085

### ROMANCE OF TANLAC

#### REVEALED TO PUBLIC.

Growth Of New Remedy Amazes Vast Business World.

Louisville, Ky., June 9th. The growth and development of Tanlac, the new remedy being introduced in Kentucky is a romance of the business world. The amazing popularity which this remedy has achieved within a short time is almost incredible to those not actually familiar with the figures.

More than 150,000 Kentuckians are now taking Tanlac, although it was only introduced in Lexington last October and here in January. So great are the demands for it that the laboratories at Dayton, O., where the remedy is prepared, must be enlarged.

These laboratories are now capable of turning out 8,000 bottles of Tanlac daily under normal conditions, 10,000 under the highest pressure consistent with the great care used in the medicine's preparation. To meet the unexpected large sales, it will be necessary to enlarge the plant and to increase the working forces.

L. T. Cooper, the noted expert on hygiene and hardly less famous philanthropist, known here as "The Tanlac Man", was himself surprised at the tremendous popularity his remedy won in Kentucky, he said recently, and the more gratified at it because he is himself a native Kentuckian. The medicine is being sold now in all parts of the State. Mr. Cooper expected large sales, on account of the record the medicine established in the East, but he was unprepared for the big successes here.

The ingredients of Tanlac are gathered from all parts of the world. One of them has never before been used in a medicinal preparation. They are taken to the laboratories at Dayton and there compounded with scrupulous care, so that every bottle shall be uniform. Tanlac is used and has proved highly beneficial, as hundreds of Kentuckians have testified, in cases of constipation, rheumatism, coughs and colds, malaria, liver and kidney and stomach troubles, and the after effects of pneumonia.

**Railroad Commissioner.**

We are authorized to announce JOHN E. NEWMAN, of Bardonia, Neison County, as a candidate for the Democratic nomination for Railroad Commissioner from the Second District, the primary election to be held Saturday August 7th, 1915.

William F. Klair, Fayette County, Candidate for Re-election as Railroad Commissioner, Second District of Ky. Subject to the action of the Democratic party in the August Primary.

The United States to-day is facing one of the greatest crises in its history and the country is thankful that Woodrow Wilson is at the White House. Two delicate situations have arisen, either of which might result in war.

The country is not at all satisfied with Germany's reply to the note on the Lusitania disaster.

President Wilson Wednesday emphasized in an informal talk with Count Von Bernstorff, the German Ambassador, the intense feeling of the American people over the sinking of the Lusitania and other violations of the American rights on the high seas, and impressed upon him that the United States must insist on an adherence by Germany to the accepted principles of international law as they effect neutrals.

All factions in Mexico were publicly called upon by President Wilson in the name of the United States Government "to accommodate their differences" and set up a government that can be accorded recognition.

Failure to unite in a movement to bring peace to Mexico "within a very short time," it was announced in a statement telegraphed to General Carranza, Villa, Zapata and others, would constrain the United States "to decide what means should be employed" in order to save the people of the southern republic from further devastations of internal warfare.

Everywhere in official and diplomatic quarters and among Mexicans of varied leanings, the statement was interpreted as meaning that the United States would bring pressure to bear first to unite the factions in the choice of a provisional president and, failing to bring all elements together, would give its active support to those elements which did agree.

The Editor of the Record believes in the principles of municipal ownership of its public utilities whenever it can be done. The Committee of excellent business men appointed by Mayor Davidson to investigate the desirability of changing the lighting franchise at this time after carefully considering the question, with the assistance of the Mayor makes a report that should be interesting to the citizens and tax payers of the city. Assuming that the facts upon which the Committee makes the report are correct it is very evident that the city could save its citizens a good sum of money each year by owning and operating its own plant.

While the report does not demonstrate the way that the city may finance the construction of a lighting plant we feel certain that by the next meeting of the council this Committee will have

fully developed the way in which the necessary money can be raised for the city to own the plant without the necessity of voting any bonds and a way by which the people will be able to get cheaper lights than they are now getting with day and night service and at the same time such a lighting and power system as will enable the city to pump the water from the water plant at a saving of hundreds of dollars per year. The city having constructed and put in operation the lighting and power plant and receiving from the tax fund the amount of money now used in pumping the water from the water plant and presently paid for the lighting of the streets and charging the light consumers a less price than they are now paying could operate the plant and pay the amount necessary to construct a first class plant in from six to ten years. After that time the private consumers of electricity could obtain it from the city at about half what they are now paying. We therefore believe that the city should not sell a lighting and power franchise to any private concern but should own and operate its own plant.

## ELECTRIC LIGHT COMMITTEE'S REPORT Favors City Ownership of The Lighting Plant.

At the regular meeting of the City Council Monday night after the usual business was disposed of, the Council considered several new matters. By vote the Council declined to enact an ordinance closing the new establishment of J. Haselden located on Lexington street on Sunday. The council concluded that it had no authority to enact such an ordinance under the law. The Council also declined to grant William Rainey a permit to erect a veranda over the pavement on Stanford street in front of the property recently purchased from Judge Prather.

The committee appointed by the Mayor to investigate and advise the Council relative to the cancellation of the lighting franchise now owned by Mr. Alex Walker and granting a twenty year franchise in lieu of the same, after a careful investigation reported in writing against the proposition and instead of cancelling the contract advised the Council to take steps favoring the ownership and operation of the plant by the City.

The following is a copy of the written report:

### Report of the Electric Light Committee.

The City Council, Lancaster, Ky. Gentlemen:-

The Electric Light Committee, consisting of Mr. L. G. Davidson, Mayor; Messrs Parker Gregory, J. A. Amen, W. O. Goodloe and J. A. Dalton, Councilmen, and J. E. Stormes and H. V. Bastin, representing the Commercial Club, beg to report as follows:

The Committee visited the towns of Danville, Harrodsburg and Nicholasville, and report on the plants in these towns.

**DANVILLE.**

Population 6,000; private a. c. plant selling current at 12 cents per kilowatt-hour. The City Council are planning for City to own plant as soon as possible; and they are of the opinion that a mistake was made in the beginning in not providing for municipal ownership.

**HARRODSBURG.**

Population 3,600; municipal direct current plant, selling electricity at 7 cents per kilowatt-hour. Plant installed 15 years ago by bonding, at a cost of \$22,000, all of which has been paid; and additional bonds to the extent of \$11,000 were issued about a year ago, for extensions, additional machinery, and heavier copper. It is the opinion of the engineer in charge, that, had the city installed alternating rather than direct current, in the beginning, the original cost would have been less; and a large part of the \$11,000, would not have been required. Satisfied with municipal ownership.

**NICHOLASVILLE.**

Population 3,500; municipal, single phase, a. c. plant selling current at 7 1/2 cents per kilowatt-hour for lighting and 3 cents for power. Original cost of plant 12 years ago was \$12,000, provided by bonds, all of which have been paid. An additional of about \$4,000.00 has been put into the plant out of current funds. This plant has had a 2 per cent tax levy amounting to about \$400.00 per year, and about \$1000 to \$1200 from the general fund; in return for which the city has been lighted with 65 arc lights. The serious mistake made at this place was in using single phase instead of three phase. Satisfied with municipal ownership.

It is the opinion of your committee that it would be unwise for the city of Lancaster to sell any kind of a lighting franchise that does not provide for municipal ownership. From the information at hand, it appears that municipal plants can and do operate at much less expense to the city and consumer than do those privately owned. Further we believe that the City of Lancaster can operate its water works system at much less expense in connection with an electric light plant.

The committee respectfully asks for further time in which to collect data covering the legal, financial and mechanical phases of the proposition, as well as to study the economical and other desirable and undesirable features, if any there be.

Respectfully submitted this 7th day of June, 1915.

## LANCASTER-GOSHEN HIGHWAY.

Representing the Lancaster Commercial Club Dr. J. B. Kinnaird, J. M. Farra, Pool Perkins and J. E. Stormes, a self appointed body visited the Goshen countryside last Monday afternoon and started a new highway to be called "The Lancaster-Goshen Highway."

This new proposed highway will begin near the entrance to the farm of Mr. W. G. Gooch and run east to the Crab Orchard pike about one and one half miles coming out at or near the Gilberts Creek bridge, thus opening up a territory of much commercial value to the business interests of Lancaster. Standing on a high hill over which this proposed highway will run, Lancaster stands alluringly near, just three miles away across country, but to get to it comfortably over a passable road one must need travel thirteen miles and consume one and one half hours of time.

By this new way the residents of the Goshen country may come to Lancaster in twenty-five minutes and do their trading and engage in social intercourse on a Saturday afternoon or a county court day.

Some of the best farms surrounding Lancaster lie in this section and certainly some of the best and most substantial farmers live on them. It is their desire to do their trading and sell their crops in Lancaster.

A meeting called to assemble on the lawn of Mrs. Josh Daniel two miles out on the Crab Orchard pike Friday June 18th at 2 p. m. to perfect final plans in starting the construction of this new way.

It is hoped that those composing the active business life of Lancaster may not be "too busy" to lay aside the tools of shop and trade and give an hour or two to this highly important "good roads meet."

## CLOSING EXERCISES OF THE L. H. S. Prove A Great Success.

With the closing of this year's school work, the pupils have had the advantage of other school pupils in other towns by an extra month of work, and this year's work was one of the most successful in the school's history. If the boys and girls learned in their text books, in accordance with their plans they have been presenting to the people, we feel quite sure that the above statement is true.

The program of the entire week was opened up with the Senior Class play "Mose" which was played to please the gods. All twenty two members of the class having a very hard and difficult part to play but each member playing his or her part to perfection.

Bradley Bourne, the Foot Ball Hero, Glass Carrier for "Mose" whom a guilt of fraud was thrown upon. Paul Elliott who was for Frank Thornton, the part being played by "Billy" Miller, "Infant Terrible" by Joe Kavanaugh, a product of "Journalism" played by J. Herron, the old man "Mose's" father, played by James Wood. The "Society Boys" were well played by Gowen Bourne, Wood Wilmont and Milton Elliott.

The girls, consisting of Miss Viola Beagle, as "Ann Shyer" played an important part, Lena Scholer, as "Betty", Martha Tindler was a good character in the person of "Katherine" Miss Mae Powell, as "Frank's" sister, was also a good character, Miss Ione Dunn as "Mery Susan a little girl" played a good part with Joe Kavanaugh.

Misses Viola Tribble and Janie Terrill were two splendid characters, Miss Jennie Cox, together with her "Class History" (which she read) was played fine, Miss Nora Brown was an admirer of the boys together with Miss Lida Rainey, Misses Melissa Sutton and Ora Prather were two good characters and the entire group was congratulated for the high class play. The large Auditorium was packed and many were unable to even get in the doors for standing room. This was the largest crowd ever in the auditorium.

The Baccalaureate sermon was preached at the Auditorium Sunday morning by Dr. Clark of the Kentucky Wesleyan College of Winchester. Dr. Clark is President of that Institution, and delivered a fine address. The seniors marched in single file to the stage, wearing their caps and gowns. The Auditorium was led with roses and the sweet singing was a great help.

The Declamatory Contest, was one of the greatest events of the program. Misses Mildred Beazley, Katherine Bourne, Kathleen Ogg, Iona Dunn, and Mearns Owen Hendren, Bradley Bourne, Wallace Cotton and John Holtzclaw were the speakers. The winners of the \$5.00 gold pieces were Miss Mildred Beazley and Mr. Owen Hendren.

The Operetta given Tuesday night by Misses Smith and Morris' pupils was a pretty entertainment. It was a Japanese play and was graciously carried out.

The Musical given Wednesday evening by Miss Webb's pupils was a great success in every particular. The Auditorium was beautifully decorated in ferns and flowers and was one of the best programs of the week.

Misses Tindler, Ezella and Anderson rooms gave a fine program Wednesday evening. Miss Tindler's room presenting a "Market Day" and Misses Anderson's and Ezell's room presenting a picnic in Fairyland.

The picture show, then "The Puritan," that's the way to enjoy yourself.

## "YOU WAIT-SOME DAY YOU WILL SEE"

In a certain office of the British crown, it was found necessary many years ago to employ a staff of foreign examiners in order to translate all the documents which were submitted in support of certain charges. An old German was seated by the side of one of the English commissioners renowned for his piety. The commissioner, pointing to a name, inquired, "What has become of him?" The German replied, "Oh, he's dead and gone to h—l." The commissioner, horrified, replied, "My dear sir, you must not speak of him in that way—" "Never-a-mind," said the German. "Never-a-mind." Then in a whisper he added, "You wait—some day you will see." If there is a Democrat in this state that doubts the nomination of the Hon. A. O. Stanley for governor in the August primary, we, following the example of the German, would whisper, "You wait—some day you will see,"—Owensboro Inquirer.

## ESTEEMED CONFEDERATE VETERAN HAS BEEN ILL.

Captain Isaac Myers, residing about two miles out on the Buckeye turnpike, suffered a cerebral hemorrhage a few days since, and at first appearance it seemed he would not rally, because of his age, 76 years, but a later report comes that he is much improved with the probability of again being able to go about his home. Captain Myers is the only remaining one of the Myers family of four sons and four daughters, his father, Isaac Myers, having been one of the wealthiest and most prominent citizens of the Bryantsville section of lower Garrard in an earlier time. The Methodist stronghold in the Bryantsville section of north Garrard led to frequent conferences and other Methodist rallies in that district and the Myers family entertained these delegates in the usual old-time, hospitable manner. Among these visitors was the late John D. Hearn, the well-known Cincinnati banker, who fell very much in love with Capt. Myers' sister, Miss Emma Myers, the most beautiful young woman of this entire section, and a marriage was the result. Before Mr. Hearn's death he purchased a desirable lot in the Lancaster cemetery and had the bodies of the entire Myers family moved from the burying ground near Bryantsville and reinterred here, having a very handsome monument erected to the memory of his beloved wife's parents, and other members of the relationship.

## EDITOR WALTON AWAITS SOME ANSWERS.

Editor Walton of the Lexingtonian says Democracy is awaiting some answer. Here is his editorial:

"Several weeks have passed since Dr. Board made the charge that he engineered in the interest of Gov. Beckham for United States Senator, a deal either at his instigation or connivance, by which the liquor men of Louisville supported him for the office, many of them, including Jim Whallen, contributing largely to his campaign fund. The result was that the Falls City gave Beckham a majority, which he so delighted him that he made a personal call on Mr. Whallen at his Buckingham Theater and overhauled him with thanks. The alleged deal was to the effect that the Senator and his followers would make no further war on the liquor interests. To this good hour Senator Beckham has made no denial of the charges and people are taking them as confessed.

It has also been charged that another deal was made with the saloon men in Frankfort for their support, no agitation for a local option election would be advocated by the Beckham interests. The fact that none was held then although elections were held in Lexington, Owensboro and other cities, seems to prove that there are grounds for the charge.

In his speech at Frankfort, right under the noses of the Beckham folk, Owsley Stanley charged that a vote on State-wide prohibition was beaten in the last Legislature only by one vote, the result of which could only have been changed had Senator Beckham and his henchmen turned their hands to the effort, which they did not. Mr. Stanley does not make charges that he can not prove, and the fact that no attempt has been made to disprove this charge seems to indicate that the truth of it is granted.

So much for charges concerning Senator Beckham. Denials of a few against H. V. McChesney are likewise in order if he can truthfully do so. He is charged with saying that he had rather see a "dry" Republican in the United States Senate than a "wet" Democrat, that every Democratic paper which does not advocate State-wide prohibition should be boycotted and that he declared in his speech at Winchester that he was not there to speak for Democracy, but a "higher and holier cause." If he has said any of these things he is not deserving of a Democratic nomination. If he did not, he owes it to the party to disavow them.

Prohibition is not a cardinal principle of Democracy, and it is not a sin against Democracy to oppose a further agitation of the liquor question. We can readily believe that Mr. McChesney made the remark about newspapers when we recall his efforts against the passage of a more liberal law in regard to libel, which all the newspapers advocated, and which was finally passed.

Both Senator Beckham and Candidate McChesney owe it to the people to deny these serious charges if they can. Otherwise they will be taken for confessed and they will be proceeded against before the great bar of public opinion for contempt of the great Democratic party and its principles."

## "BLACK AND GOLD"

Black and gold are the Senior class colors which prevail, over the entire school. The flag of Black and Gold was raised over the L. H. S. building Friday evening and waved peacefully until Monday night, when a few of our "younger brothers" took the Senior flag down and hoisted theirs, but it remained there in the night about three hours when one of our Senior members, J. Sterling Herron, tore it from its high "roost" and immediately the "black and gold" was again waving above the building and was given protection by Elliott, Woods, Herron and Kavanaugh until Wednesday morning at 9 o'clock, when it was taken from the pole with high honors by the Seniors and the school flag again raised.

## SUNDAY SCHOOL CONVENTION.

An interesting and instructive program was carried out at the union County Sunday Convention held in this city at the Christian church on last Saturday. Notwithstanding the absence of Kentucky's leading Bible School promoter, the Reverend George A. Joplin, much disappointment being expressed at his non-attendance, his place was admirably filled by his "supply", Miss Maud Dance, who delivered one of the most highly appreciated addresses made here by a woman for some time. The Reverend H. C. Garrison, pastor of the Danville Christian church, favored the assemblage with an able address. Reverend S. H. Greer, the Methodist minister from Stanford, also contributed to the program, while the local pastors and their Bible School teachers likewise added to the entertaining exercises.

## ELBERT HUBBARD HAD A FRIEND.

Noting the tribute to be paid the late Elbert Hubbard, who went down in the Lusitania, by his Cincinnati friends and admirers, at the same hour 3 o'clock, and on the same day, July 4th, as that which makes the official memorial in East Aurora, N. Y., recalls to mind that Lancaster held acquaintance with this brilliant and facile writer in the person of the late Mrs. May Barton Patterson. These two were associated as school-mates in an Illinois institution, and later when he achieved literary distinction, his books and magazines were occasionally forwarded to his former schoolmate who felt much gratification at his rise to eminence. A year or more before Mrs. Patterson's death, while sojourning at Chautauque, N. Y., she received an invitation to visit Mr. and Mrs. Elbert Hubbard and was hospitably entertained by them in their handsome home at East Aurora.

## MEETING TO BE HELD IN POLICE COURT ROOM.

We regret the disappointment we caused to some of our friends on account of us not holding our meeting in the Court House as we advertised in the paper. But owing to the remodeling of the Court House, we were unable to conduct any meeting. Nevertheless we do not intend to let a little thing like that stop this part of God's work, so we have secured the City Police Court room, by consent of the good Mayor, and we will conduct our services there. We invite the Christian people to come in and take part, as they would in their own church, and for the sinner friend to come in and who so ever will may come—that means you—when you hear our drum on the street, our church-bell, don't wait to be asked but come in and may we worship together.

Adj't. and Mrs. Holland.

The Stephenson farm will be sold by public outcry on the premises situated two miles north of Burgin on the Danville and Shakerstown pike, and the Q. & C. rail road.

The farm consists of 445 acres of land which lies well, is in a good state of cultivation, and is exceptionally well supplied with pure stock water, running from two unfailing springs. The improvements consist of a beautiful seven room frame dwelling two stories, cellar and porch, heated through out (built in 1915). A large well planned stock barn, large recently built tobacco barn, and all necessary out buildings, fruit and shade trees, all of which makes it a very attractive home. **ANY BODY CAN GET A HOME**  
Any Good Man Can Get From One To Ten Years To Pay For It.

I have four first class farms, containing about 1400 acres of Garrard County's best soil, which I will cut into parcels to suit purchasers, in amounts from five acres to an entire farm.  
310 acres, fertile soil, on good pike, two miles from a thriving village and 14 miles from one of the best graded schools in the State, conducted by four experienced teachers, children conveyed to and from school at the expense of the District; intelligent, cultured and hospitable people for neighbors, in two miles of High Bridge, where housing, and other methods of entertainment are at hand. Five room residence, two tenant houses, 3 acre tobacco barn, 150 acres in grass. Farm is near the proposed million dollar dam to be constructed on Kentucky river, which will furnish electric light for the entire country. It can be divided into three farms.  
The Huster Brown farm near Camp Dick Robinson, 410 acres, five good barns, all new, splendid residence, thirty foot concrete silo, concrete pools, lots of hemp, corn, and tobacco land.  
Robinson Brothers farm contains 350 acres, one stock barn, two tobacco barns, seven room residence. Most of this is sand stone land and any farmer in Garrard county knows this kind of land is the land that grows the highest price tobacco, as well as corn and hemp. The evidences are on the farm to bear out this statement. This farm is located on the Kemper Lane near Lexington pike.  
The Beazley farm, one and one half miles from Lancaster, on Lexington pike, 290 acres, good brick residence, tobacco barn, stock barn, in reach of the Lancaster Graded school. The soil is splendid, well watered and the farm fronts one and one quarter miles on the Lexington pike, in easy reach of town and the entire front can be used as building sites, which I propose to cut in any size to suit purchaser.  
I will exchange any of this property for Garrard county property at the same price I will sell for cash. If you wish to exchange, come with your price as you would sell for cash. You can get this land just as cheap by exchange as by purchase if you desire to change your location.  
Now these are four as good farms as there are in the county. If you have been a failure in life, stay at home. If you are the kind who never dreads any failures, I want to see you. These are live farms and want to see live men. Call on or write,  
J. I. Hamilton, Lancaster Ky.

**Center of Pilchard Fisheries.**  
Cornwall, the great fishing town of England, is the center of the pilchard fisheries. The pilchard is a very important food fish. About the middle of July it appears on the Cornish coast in immense numbers, and is captured in large quantities. The fish bears a close resemblance to the herring, but is rounder and thicker and the under jaw is shorter.

## Most Value For

This, we know, is a strong statement; but we are fully prepared to only ask for the opportunity to prove it. No doubt you would agree with this: We Challenge any firm in this part of the State to come to the life of this sale.

In offering and launching this Tremendous Sale to the people it is very pleasant to remember the broad basis and honesty and fair dealing upon which this institution was founded, of which every individual, though he was buyer or seller, formed an integral part. No man who knows what he is talking about, if he be honest, will say the management of this business ever mistreated a customer or employee, however humble. Every man, woman and child was given a square, fair deal. The strong received no more than their due, and the weak no less; the rich what was theirs and the poor were not denied their own. Even-handed justice was extended to one and all by G. M. Lyons, regardless of his place, position or power. Upon these lines and upon this basis this great sale is launched and will be conducted, giving the people of this entire section of the country an opportunity to buy up their merchandise at a tremendous saving. There is no reason why every man, woman and child in this section should not avail themselves of the chance to secure their portion of the extraordinary bargains to be found.

## HEALTHY HAIR

SOFT AND FLUFFY.

Beautiful hair does not just happen but is always a matter of care and proper nourishment of the hair roots.

No matter if your hair is falling out, stringy, lifeless, and full of dandruff, Parisian Sage, an inexpensive tonic sold by R. E. McRoberts is all that is ever needed.

It nourishes the hair roots and stimulates the growth of new hair. All dandruff is entirely removed with one application, and itching scalp and falling hair cease; your hair will be bright, vigorous, soft and fluffy.

Whether your hair is oily, dry or brittle, Parisian Sage immediately removes the cause and by toning up the scalp quickly restores the hair to its original brilliancy and vigor.

This delightful tonic is a real necessity and will not fail to give a lasting benefit to your hair and scalp.

#### YANTIS.

The funeral of Dr. W. A. Yantis, was conducted at the First Christian Church Thursday afternoon. Rev. J. Murray Taylor of Memphis Tenn., former pastor had charge of the services, assisted by Rev. C. M. Reeves, pastor of the First Methodist church, and Rev. W. C. Wood, pastor of the First Baptist Church.

The unusually large assembly bespoke the high esteem in which this aged citizen was held. The music was furnished by a chorus of representatives from the city choirs, and the hymns sung were those so dear to the heart of Dr. Yantis, "Nearer My God to Thee," "Jesus Lover of My Soul," "Shall We Gather at the River" and "Oh, Think of the Home Over There."

The active pall bearers were five young men who had been drug clerks under Dr. Yantis and one a traveling salesman who had sold him drugs for a number of years. The many handsome floral designs were borne by six physicians, as honorary pall bearers, who had been closely associated with Dr. Yantis during his business life in Paragould Ark.

The service was simple, but most impressive, which was in keeping with the life of this unassuming citizen, the atmosphere permeated with loving sympathy.

The grief stricken wife, four children, twelve grand-children and one great grand child present, accompanied by many sorrowing friends wended their way to Lynwood cemetery where this faithful soldier of the cross was laid to rest.

# COOPER SHARES PART OF TANLAC

## PROFITS WITH POOR OF KENTUCKY. DOES NOT DESIRE GREAT RICHES.

"Tanlac Man" Distributing Thousands of Loaves of Bread to Charitable Institutions of Louisville and State—More than 30,000 Bottles Premier Preparation Sold in Louisville in Eight Weeks.

## Over Eating, Man's Greatest Enemy.

Louisville, Ky., June 9th 1915. Never before in the history of Louisville has the sale of a proprietary medicine reached one-half the total of the amount of Tanlac purchased in this city within the last few weeks.

More than 30,000 bottles of this premier preparation have been sold in the last eight weeks in Louisville by the Taylor-Isaac Drug Company and associate stores, under the personal direction of Mr. L. T. Cooper, the Tanlac man.

The success of Tanlac in Louisville—although it was expected to be as great here as it has been in other large cities of the United States—has surpassed the most extravagant expectation of Mr. Cooper, local druggists and all persons familiar with the drug business. Men and women from all walks of life are among those who have tried Tanlac and who have been benefited by its use.

Bankers, lawyers, judges and druggists are among the vast number who are now using Tanlac.

It is estimated conservatively that more than 150,000 Kentuckians are now taking Tanlac with the most beneficial results. Druggists from all sections of the State are writing, telephoning and telegraphing the Tanlac offices in Louisville for orders of the medicine, declaring in many instances that the medicine is meeting with an unprecedented demand in their respective cities, towns and villages.

Orders are being received from the most remote sections of the State, the fame of Tanlac having spread to every hamlet and crossroads store.

Mr. Cooper has decided to remain indefinitely in Kentucky and while here will continue his philanthropic work begun last January when hundreds of the worthy poor of Louisville were provided with food and other necessities of life.

He is now sending thousands of loaves of bread weekly to such charitable organizations as the Sisters of the Poor, Associated Charities, Hope Rescue Mission and Salvation Army, in Louisville and orphanages and similar institutions in Lexington, Paducah and Owensboro.

"Most of the ailments attacking mankind to-day are due to man's faulty methods of living," Mr. Cooper said. "A large per cent of the men and women of today are inclined to overindulgence in both eating and drinking. Man who is a slave to his stomach must suffer the consequences sooner or later, and those consequences are faced earlier usually than he expects. By curbing the appetite and the use of Tanlac most of the diseases attacking the vital organs can be conquered. Overeating is the worst enemy the American people have to-day.

"Catarrh of the stomach is one of the

## LOUISVILLE DRUGGIST AGREEABLY SURPRISED Over \$30,000 Worth Of Tanlac Sold In Ninety Days.

Louisville, Ky., June 9, 1915. E. C. Isaacs, President of the Taylor-Isaac Drug Co., this city says: "The demand for Tanlac has agreeably surprised us. While we knew Mr. Cooper and were aware of the success his preparation had achieved in other cities of the country, yet we entertained no idea that the medicine would become so popular in such a short space of time in Louisville.

"Judging from the repeat sales, and the expression of satisfaction from those who have actually tested Tanlac and who state that they have been benefited by the preparation, Tanlac must therefore be something of unusual merit.

"The class of people who are buying Tanlac are among the best in the city, people who are able to judge impartially and who carry weight with their statements.

"Within the last 90 days, we have sold over \$30,000 worth of Tanlac. When it is considered that the demand is confined to one preparation, the sale is to be considered unprecedented. In fact, it is the biggest thing of the kind ever seen at our stores."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### Oldest Street Car Employee Testifies.

Pat Lally, well-known inspector for the Louisville Street Railway Company and an employee of that firm thirty-seven years, has this to say about Tanlac, the premier preparation:

"I have suffered from stomach trouble, which developed gradually into a general debilitated condition. I had indigestion, and my food didn't taste quite right. When I got up in the morning I had a disagreeable taste in my mouth, was constipated, there was a fullness in my head, and I had no desire for breakfast.

"I was tired all the time and pulled myself through my day's work with the greatest effort. As soon as I had taken a half bottle of Tanlac I began improving. When I awoke in the mornings I feel refreshed. My appetite also is good and my food agrees with me. That tired feeling has left me and I am buoyant and feel like a new man."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### Young Lady Says She

#### Is At Loss For Words.

Louisville, Ky., June 9th 1915. "Words fail me in attempting to describe my gratitude for the benefits I have derived from the use of Tanlac," said Miss Clara Butler, a prominent young woman of Borden Ind., who is visiting friends in Louisville.

"I have not enjoyed the very best of health for several months," Miss Butler continued. "I was all run down and so nervous that the least excitement made me almost frantic. My digestion also was very poor, and very often I found myself unable to partake of the very lightest liquid food."

"I am glad that I decided to take Tanlac. The medicine certainly is very fine, I have been benefited in every way and always shall think well of Tanlac."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### Efficient Nurse of Louisville Relieved.

Louisville, Ky., June 9, 1915. Mrs. Anna L. Bryan, an efficient trained nurse, who resides at 301 Crescent Court, Crescent Hill, Louisville, recently made the following statement regarding the famous medicine Tanlac: "I find Tanlac very fine. I have been using it for more than a week for gastritis. I have been treated by several physicians with very poor results. At times I vomited blood and I lost weight steadily."

"I find Tanlac has given me relief. I wish Tanlac success."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

## RESULTS PLEASE BIG LEXINGTON DRUGGIST. Many Prominent Kentuckians Now Taking Tanlac.

Lexington, Ky., June 9th, 1915. "I have sold Tanlac since the beginning of its introduction in Lexington, to the Mayors of a number of cities, County Judges, Circuit Judges, and to many of the most prominent business and professional men in Kentucky," says Wm. E. Staggs, the Lexington druggist.

"The demand for the preparation has been phenomenal. In all of my twenty years' experience in the drug business, I have never seen anything that equals it."

"I can only account for the great demand for this preparation by the fact that it is a good medicine. That is proven by the numerous statements from those who have tested, the medicine and are now convinced of its excellent merits. The public has evidently not been slow to appreciate the Tanlac merit."

"Practically \$20,000 worth of Tanlac has been sold and distributed through my store within the past few weeks. Such a demand is most certainly unprecedented."

"My association with Mr. Cooper and the agency for Tanlac has been very pleasant. I therefore take pleasure in commending Mr. Cooper and his very excellent preparation."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### River Pilot Tells of Arrival of Relief.

Louisville, Ky., June 9th 1915. Capt. T. J. Oatman, one of the oldest and best-known river pilots in Louisville, who resides at 308 South Sixth street, adds his testimony to the hundreds of others in Louisville who have gained relief by the use of Tanlac.

"I have afflicted with stomach disorders and catarrh many years. My condition became so serious that I lost my appetite, foods of a solid nature always causing great discomfort and pains in the abdomen."

"My catarrh also became worse, and every damp, cool morning I would get up with a choking sensation in my throat and a fullness of my head. I coughed up mucus and went about sniffing most of the time."

"I tried Tanlac and found it was the best thing I had done in many years, as it helped me from the first dose. My catarrh has virtually disappeared and my stomach is strong and feels right. I cannot praise Tanlac too highly."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### Col. Joseph Coyne Is

#### Pleased With Tanlac.

Louisville, Ky., June 9, 1915. Col. Joseph Coyne, one of the best known general contractors in the South and builder of many miles of hard-surfaced streets and roads in and around Louisville, who resides at 438 South Fifth street, this city, has added his words of commendation to those of thousands of others praising Tanlac.

"My kidneys have annoyed me for a number of years. I suffered great pain as a result. I also suffered periodically from rheumatism, the condition affecting various parts of my body. I walked with great difficulty and could not use my hands naturally. I suffered from a pain in the ball of my foot fully ten years. That pain has disappeared."

"My kidneys are greatly improved and my rheumatism has virtually disappeared. My strength has returned, and my appetite and sleep have improved. I feel vigorous and healthy, and attribute the change to the use of Tanlac only. The medicine is all right. I recommend and commend it."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

# COOPER EXPLAINS WHY TANLAC

## IS POPULAR; ELEMENTS OF MEDICINE FOUND IN REMOTE PARTS OF EARTH

Says Success Of Premier Preparation in Kentucky Is Due To The Fact that Remedy Contains Real Merit—Product is Result of Years of Experiment on Part of Most Famous German Chemist in this Country.

## Demand For Tanlac Was Expected.

Louisville, Ky., June 9, 1915. "If I have been successful with Tanlac," said L. T. Cooper, "it is because the preparation contains real merit. Tanlac is the result of many years of arduous study by my principal chemist. In fact, the two of us have carefully watched its development from the beginning of the experimental tests of its present high state of efficiency."

"Ever and anon, someone suggests something that may tend to better our conditions, whether it may appertain to our health, our business, or our sociological state. It has therefore, been my pleasure this time to offer to the world Tanlac."

"When I came to Kentucky I stated that the success of Tanlac would be as great in this State as it has been elsewhere. I offered Tanlac on its merits. Knowing full well that it would prove satisfactory if properly tested."

"It is true that the demand for Tanlac has been large, but no larger than I expected. Kentucky is only awakening to the appreciation of a full value of such a preparation. Tanlac's success in Kentucky is destined to be still greater. The ingredients, or medicinal elements, which compose Tanlac are gathered from many remote sections of the earth, the Alps, Apennines, Pyrenees, Russian Asia, Jamaica, Brazil, West Indies, Mountain States, Russia, India, England, France, Germany, Mexico, Columbia and Peru are among the points from which the principal properties of this remarkable medicine are obtained."

In the principal laboratory of the Cooper Medicine Company, Inc., under the efficient direction of Herr Joseph Von Trimbach, a native German chemist these medicinal herbs, barks, and flowers, are assembled in the rough and painstakingly developed so as to obtain of that high standard of efficiency shown by the uniform preparation of Tanlac."

In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled and cartoned. The preparation is inspected again, and then crated for shipment to points over the world where the demand requires."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### Manager Of Store Likes New Remedy.

Louisville, Ky., June, 9th, 1915. W. S. Hart, the well known floor manager for the Woolworth Five and Ten-cent Store, on Fourth street, testified recently to remarkable merits of Tanlac. He said:

"Tanlac has made me feel like a new man. I used the medicine for rheumatism. I certainly do recommend it."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### Woman Says She Had A Dread For

#### Future.

Louisville, Ky., June, 9th 1915. Mrs. Frank Pettis, wife of the well-known assistant chief electrician of the Louisville and Nashville railroad, who resides at 600 Camp street, Louisville, is among the many women who have found speedy relief from serious illness by the use of Tanlac. Mrs. Pettis said:

"I have been in a nervous, rundown condition some time. My digestion was very poor, and I had difficulty in eating solid foods. I was so depressed in spirits at times that I almost had a dread for the future."

"Tanlac proved to be just what I needed. The medicine acted like a general tonic for me. I am improved in every way, and I very cheerfully endorse Tanlac."

Tanlac is sold in Lancaster by R. E. McRoberts and in Bryansville by Becker, Ballard & Scott.

### ROUGH DRIVING

#### New On Duncan-Town Road.

The road passing through the colored folks settlement known as "Duncan-town" is being treated to a much-needed spread of macadam, making it a very disagreeable drive out to the Lancaster Water Works Plant; however, this metal coating will, in the near future, prove a boon, and obviate ruts and mud holes when the fall and winter seasons approach.

In the interests of Lancaster the Commercial Club sent a delegation to Somerset Wednesday to attend a meeting called by Judge R. F. Jasper projecting the Central Dixie Short Route to run thru Garrard, Lincoln, Pulaski, Wayne and McCreary counties to the Tennessee line, opening up much new country in the southern tier of Kentucky counties.

Those attending were H. V. Bastin, F. G. Hurt, Sam Cotton, L. G. Davidson, J. R. Corro and Dr. J. B. Kincaid, the last three going thru in Dr. Kincaid's car.

H. V. Bastin ably represented Lancaster at the convention in a forceful speech on the road proposition. Mr. Bastin told the assembly of Garrard's excellent system of roads and the work to be done this summer. A permanent organization was effected and all counties south of Garrard will build good roads some of them opening up new territory.

**Dolls for Society Women.**  
In Vienna a regular trade is done in elegantly dressed dolls that are purchased by society women. These dolls are carved by hand after models by well known artists, and they often fetch as much as \$15 each. Their costumes are beautifully made, and so two are alike in face and figure. Many of these handsome toys are exported to America.

**So Swift to Love.**  
Do not let us wait to be just or pitiful or demonstrative towards those we love until they or we are struck down by illness or threatened with death. Life is short, and we have never too much time for gladdening the hearts of those who are traveling the dark journey with us. Oh! be swift of love, make haste to be kind.—Amiel.

**About the Orchid.**  
In 1788 only 20 specimens of Epidendrum were known to be under cultivation. In 1912 a traveler noted some specimens in Japan, but up to 1920 orchids were looked upon as a curiosity in botanical gardens. The "moth orchid," grown in the Philippines, is an air plant, as are many of the specimens. The price paid for this rare bloom was 100 guineas.

**Gelfin's First Thought.**  
Some enthusiastic golfers are so engrossed in the game that on and off the green they can think and talk of nothing else. Such a one was taken by an astronomer to see the moon through a telescope. Asked what he thought of the satellite, to his astounded friend's surprise and dismay, he said: "It's a right, but it's awful full o' bunkers."

## LANCASTER COUNCIL IS INVESTIGATING LIGHTS MATTER OF GRANTING FRANCHISE Before Body and Members Look Into Contracts and Conditions in Other Cities.

The entire city council of Lancaster, together with Mayor Davidson, was in Danville this week looking into the electric light conditions and getting pointers on the splendid plant in this city. The city of Lancaster does not own its plant and has been getting light by contract with a company. The franchise expires in a short time, and the Lancaster city dads are considering the advisability of purchasing the plant. The Messenger understands that while the visitors were here they learned that the Danville plant could, by running wires to Lancaster, supply that city with both day and night current, and at a very reasonable price. This matter will be further considered.

The party went to Harrodsburg to look at the plant in that city.—Danville Messenger.

## UNFORTUNATE CHILDREN.

Cases of both whooping cough and measles are reported both in the town and county. Margaret Bail, the bright and vivacious little daughter of Mr. and Mrs. W. B. Bail, pretty little Miss Elsie Lackey and other Lancaster juveniles are at present engaged in a tussle with the frequent paroxysms that accompany the first-named malady.

## WILL BE REQUESTED TO MOVE ON.

When Stanley is elected governor of Kentucky, he will drive the lobbyists and corrupters of legislators from the hall of the capitol at Frankfort, just like President Wilson drove them from the halls of congress and committee rooms at Washington. The hangers-on without visible means of support will be requested to move on.—Owensboro Inquirer.

## A GOOD SUGGESTION.

As Lancaster visitors to adjacent towns have recently observed, a thick layer of saw-dust over the street-crossing just before the road oil has been spread will obviate the tracking of the oozy, oily substance from the roads to the side walks and thus protect the handsome concrete pavements from the unsightly and disagreeable contamination.

## ONE HUNDRED DOLLARS

### For Best Moonlight School.

The Kentucky Federation of Women's clubs, in their annual meeting in Lexington, voted to offer a prize of \$100 to the teacher in Kentucky who should teach the best moonlight school, the prize to be awarded through the Kentucky Literacy commission, Frankfort, Ky. Here is a chance for some Garrard teacher to add \$100 to their salary, and for many teachers to help others and to help Kentucky. Go in and win this prize!

## LANCASTER'S MOST PRAISE-WORTHY ORGANIZATION.

One of the finest of the many Lancaster organizations is doubtless the Boy Scouts, now having a membership of twenty-six, and holding regular once-a-week sessions under the supervision of the Scout Master, Elder F. M. Tindler. This local organization has various plans ahead that will prove both interesting and profitable to the boys, among them "track meetings" to be held jointly with the Scout societies of the adjacent towns, also a match game of base ball to be played with the Harrodsburg organization, and other innocent features of entertainment. They are now making arrangements for their annual outing trip, to Camp Daniel Boone on Kentucky river near Valley View, the entire organization with the exception of one or two expecting to take advantage of the pleasant expedition. Some of the boys, in order to add to their "expending fund" at the same time not to tax their parents by too large monetary demands
